RON COLLINS

Ron Collins is Canada's best known sewing personality and is adored as a designer, speaker and teacher. He is the first male Canadian Designer to have his own line of patterns with Vogue, which premiered in March, 2017. Sandra Betzina, Power Sewing icon, and Ron have produced 12 DVD's including a 5 box set series on tailoring for both men and women. Since 2009 they have filmed over 240 on-line web shows called Power Sewing which has received great reviews.

BODICE ALTERATIONS AND CHOOSING THE RIGHT SIZE FOR THE CORRECT FIT

In this hands-on workshop you will learn how to identify the fitting problems and how to solve them. Ron will show how to correct fitting problems regarding sloping and square shoulders, large bust, high and low bust, removal of a bust dart, broad and round upper back, sway back, large upper arm and tight armholes. Every student will have an alterations package to take home with them showing all the alterations that they have done. Ron will give you the inside answer on what pattern companies run larger and which ones tend to run true to measurements. He will also explain on how wearing ease you need in all garments from close fitting, fitted, semi fitted, loose fitted and very loose fitted. Take the guess work out of trying to

choose what size garment by finding the "finished garment measurements" and not using the sizes on the back of the pattern envelope. See the difference in sizing charts in major pattern companies and how to choose the right size for you and how to avoid disappointment in fitting.

3 Hour Workshop

Fri: 9:15 – 12:15 | ROSE ROOM

Class Fee \$60 | Kit Fee \$20

PANT ALTERATIONS AND KNOWING YOUR BODY MEASUREMENTS

Learn how to alter your pant pattern for a perfect fit. Ron will explain how to do alterations for flat and low seat, full thighs, large waist, knock knees, bowed legs plus protruding derriere, full and high hip. Do you have a hard time or do not know how to measure yourself to help with pattern alterations? Part of this workshop we will take 28 body measurements: high bust, low bust, shoulder width, sleeve length, back waist length, pant and skirt length...plus more. These basic but essential measurements are crucial for a start to fitting your pattern. You will have an alteration package to go home with all your pant alterations and personal measurement chart.

3 Hour Workshop

Fri: 1:00 – 4:00 | ROSE ROOM

Class Fee \$60 | Kit Fee \$20

Ron is known for his "one of a kind" shirts. Come and see the latest construction techniques not found in pattern instructions. He will show you how to completely remove all bulk from the center front of the collar, making it much smoother and more tailored. This technique is constructed in a completely different method than ever before. Learn how to do clean edge facings with no visible stitches, along with seeing how to tame bias cut yokes, cuff and front plackets. Have you ever made a double yoke shirt and not like the results of your finished garment...not any more after this lecture, plus professional results working with fusible interfacings and other stylish details.

ERNIE OHLAND YOUR SEWING STORE

As a quilter and fabric store partner, it was a natural progression to sewing and quilting for Ernie. What started out as being a helper to catch overloads and assist with fabric repairs, turned into a full time hobby. An avid oil painter and hobby draftsman, Ernie found it enjoyably challenging to adapt all the colour and design options in fabrics. Soon the oils were retired and now his spare time is spent furthering his quilting hobby. Being naturally frugal drove him to reduce his waste and increase his quality with the use of pre-cut fabrics.

PRE-CUTS WITH PIZZAZZ

The use of pre-cut fabrics for the borders and body of a quilt or wall hangers. Step-by-step demonstrations with props that will show the progress from raw fabrics pre-cuts to the finished blocks in easy to follow steps. How

to use simple cutting and sewing techniques to bring out intricate and interesting blocks. The methods are designed to reduce waste and lower costs without sacrificing the end result. Presentation covers 10" x 10" tiles, 5" x 5" chips and 1½" strips and many ways to use them to assure their best results. (Picture taking is welcome in this class.)

She sewed many pieced quilts, but then discovered the many applications of an embroidery machine. She has worked on many HoopSisters quilts, both EmbroidaBlock of the Month and their annual Mystery Quilt. Currently, she is leading a group of people in HoopSisters' Elegant Elements.

IN THE HOOP QUILTING

Appliqué, piecing, quilting - this can now all be done in the hoop of an embroidery machine. Make a quilt. Any size. Make a wall hanging. Make a mug rug. HoopSisters is one of the more popular designers using this technique. Come in and see how easy it is to make one of their lovely quilts using the in-the-hoop method.

Bevy of Backgrounds for Christmas & More

Instructor: Cathie Allan
Time: 9:30am – 12:00pm (2.5 hours)
Fee: \$45.00

Let's take your stamping a "stamping step" further. In this class, Cathie will show you the evolution of a series of great backgrounds. In building these 3 unique, and beautiful "shaped" Christmas Cards we will progressively add layers from the first card to the third. Layer by beautiful layer, using stamps, stencils, pigment and metallic inks, resist ideas, faux water color techniques and more we will build backgrounds and create fun embellishments to grace your projects.

Mixed Media Double Page Collage Layout

Instructor: Nicole Wright
Time: 12:30pm – 3:00pm (2.5 hours)
Fee: \$38.00

This class is for scrapbookers looking for a double page layout to add a unique look to your albums. Nicole used Mixed Media elements to create this double page layout by layering paper, tags, stamping, gesso, distress crayons and stenciling. Bring your photos: 4x6 (2) and wallet sized printed on card stock so you can ink that too. Get a head start on your scrappy pages with mixed media influences.

Hand-Stitched Book of Friendship

Instructor: Suzanne Cannon
Time: 3:30pm – 5:30pm (2 hours)
Fee: \$35.00

Let's create a sweet little book and fill it with love. We'll stamp and stencil and write stories on the staggered pages. This is going to be a treasure that you'll be excited to give your friend.... And you'll love it so much, you'll have to make another for yourself! Although the theme for this book is friendship, it can be adjusted to family. Please bring about four small photos, no bigger than 2.5" x 3" or 64 x 76mm (or we can just insert placeholders so you may add photos at home) and a couple of short stories about your friend and the times you spent together.

For your Unembossed Pleasure

Instructor: Cathie Allan
Time: 9:00am – 11:30am (2.5 hours)
Fee: \$45.00

Let's create a journal cover and a matching note card using embossing and unembossing techniques that will rock your world. Using stamps and stencils and a new palette of pigment colours from Clearsnap, we will custom design the background and add colour to our unembossed images in a unique way that requires no markers. All this and more in this technique rich class that is sure to inspire. These ideas and techniques will transfer beautifully to further scrapbook pages or art journal pages.

Eclectic Collage Canvas

Instructors: Nicole Wright
Time: 12:00pm – 2:00pm (2 hours)
Fee: \$45.00

Join Nicole for this mess making canvas. You will be covered in gesso and scribbling with crayons. For some added fun, you will collage some paper and a bunch of findings. Nicole will have emptied her stash and will bring it for you to sift through to create your own fun canvas. Just think about the possibilities of what you learn that will add uniqueness to your future projects.

Paper Whirlwind

Instructor: Suzanne Cannon
Time: 2:30pm – 4:30 (2 hours)
Fee: \$35.00

Let's make stuff! We all need cards and we love making them. Let's stamp and stencil, foil, colour blend, inlay, mask and create flying elements. You'll leave with finished cards and even more great ideas for variations to customize your next cards.
