

## Knitting, Felting and Journaling

Rae Brenne

### INTRO TO SOCK KNITTING

Beginner knitters welcome, must know how to knit and purl! Ready to tackle socks? Then join in on our workshop to learn the basics and work on a quick, cozy pair of baby sized worsted weight socks! During this workshop, you will learn the basics of sock knitting from the top down including casting on, joining your work in the round, conquering the heel, knitting the foot, decreasing for the toe and using kitchener stitch to close up the toe! Advanced options for those looking to try a different method: -Learn to knit socks from the toe up -Learn to knit socks using the magic loop technique; no DPN's! Please bring: 25gm of worsted weight yarn, 3.75mm double pointed needles OR 32" circular for magic loop

**Fri 2:15pm – 3:45 pm – Discovery Centre**

### INTRO TO LACE KNITTING

Ready to tackle something new? This intro to lace knitting will give you all the tips and tricks you need to tackle any level of lace knitting and set you up for success with your project! Learn about lifelines, how to read a chart, and the best way to keep track of your rows and repeats. Please bring a small ball of yarn DK or worsted weight plus a small scrap of a contrasting colour, needles to match and a darning needle

**Fri 4:00 pm – 5:30 pm – Discovery Centre**

**Sat 9:15 – 10:45 am – Discovery Centre**

### MAGIC LOOP CIRCULAR KNITTING

Tired of using double points? Join us for this intro to Magic Loop circular knitting and never use double pointed needles again! This class will teach you how to take a long circular needle (32" or longer) to work small circumferences in the round. Apply this technique to your knitting with little to no changes in your pattern! Use magic loop for socks, sleeves, hats, mitts and anywhere else that would normally call for double points! Please bring a worsted weight yarn and a 32" or longer circular needle.

**Sat 11:45 am – 1:15 pm – Room 104**

## Knitting, Felting and Journaling

	<p><b>NEEDLE FELTING</b></p> <p>Join us to learn the basics of needle felting while creating these adorable succulents and cacti, or get creative with colours and create designs of your own! We will show you how to get started and how to form various shapes using just wool roving and a felting needle. Needle felting is an incredibly fun and stress relieving past time that is suitable for all ages and abilities!</p> <p><b>Sat 2:30 pm – 4:00 pm – Discovery Centre</b> <b>Kit fee: \$20/person</b></p>
<p><b>LEUCHTTURM1917</b> DETAILS MAKE ALL THE DIFFERENCE.</p>	<p><b>Bullet Journaling</b></p> <p>This seminar will explain what the bullet journal method is, why and how to use it, and the benefits it can bring you. The Bullet Journal Method, created by Ryder Carroll, is not only an organizational tool, it's a lifestyle.</p> <p><b>Fri 10:30am – 11:30am – Room 103</b> <b>Sat 10:30am – 11:30am – Room 103</b></p>
