Raised Stem Stitch Heart

This surface embroidery sample features the Raised Stem Stitch in a charming heart pattern. Raised stem stitch is a versatile stitch to create dimension in your embroidery. You will learn how to trace a design onto your muslin and how to adapt the stitch to fit into a shape. Use threads and beads from your stash to customize the finished piece as a one of a kind design. Your kit includes muslin, embroidery floss and needle.

Please bring your own 6" embroidery hoop and embroidery scissors. Your experience will improve by bringing the proper magnification devices you need.

Biscornu and Triscornu Variations on a Theme

You will be introduced to the biscornu, a small, 8-sided stuffed ornamental pillow, made up of 2 squares of material with an offset assembly. The triscornu extends the concept of the biscornu, and assembles 3 units together to make an interesting pouched container. This lecture will demonstrate the construction of both the biscornu and triscornu. Patterns will be provided for your inspiration to start your own.
